\$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

Ak 47 Mac 90 Do

Some MAK-90 owners find the stock unsightly or uncomfortable, and file the thumbhole to make it fit the hand better, or replace the thumbhole stock with an ordinary AK-47 stock. If you do that, you must then make your MAK-90 922r compliant by replacing a number of

other parts with US made parts.

Norinco MAK-90 Model of the Kalashnikov AK-47

The AK-47 can also mount a (rarely used) cup-type grenade launcher, the Kalashnikov grenade launcher that fires standard RGD-5 Soviet hand-grenades. The maximum effective range is approximately 150 meters. This launcher can also be used to launch tear-gas and riot control grenades.

AK-47 - Wikipedia

This manual is not a "Do Everything Manual for an AK-47". The pictures have horrible resolution and look like poor copies of a copy. This does not give complete instructions for tear down and reassembly. Everything in this manual can be found very easily online.
