In this concise introduction to cultural anthropology, now in its 4th edition, Lassiter takes a fresh and accessible approach to stimulating student interest in the human experience. He uses timely and engaging examples to showcase the ongoing relevance of anthropology today. He also explores...

Invitation to Anthropology / Edition 3|Paperback

This is one of many textbooks for my Anthropology 101 course. The book was not only an enlightening text, but also a very engaging one. The text overviews some of the basic concepts of anthropology (ethnography, kinships, gender issues, religion) and seeks to explain them from an anthropological perspective.

Deetz was one of the leading professionals of the past couple of generations in the field of material history and historical archaeology (as opposed to prehistoric anthropology), and also the author of *In Small Things Forgotten*, which I re-read recently and which led me back to this small classic. It's a not-long introduction to the fundamental concepts and methods of archaeological research ...
